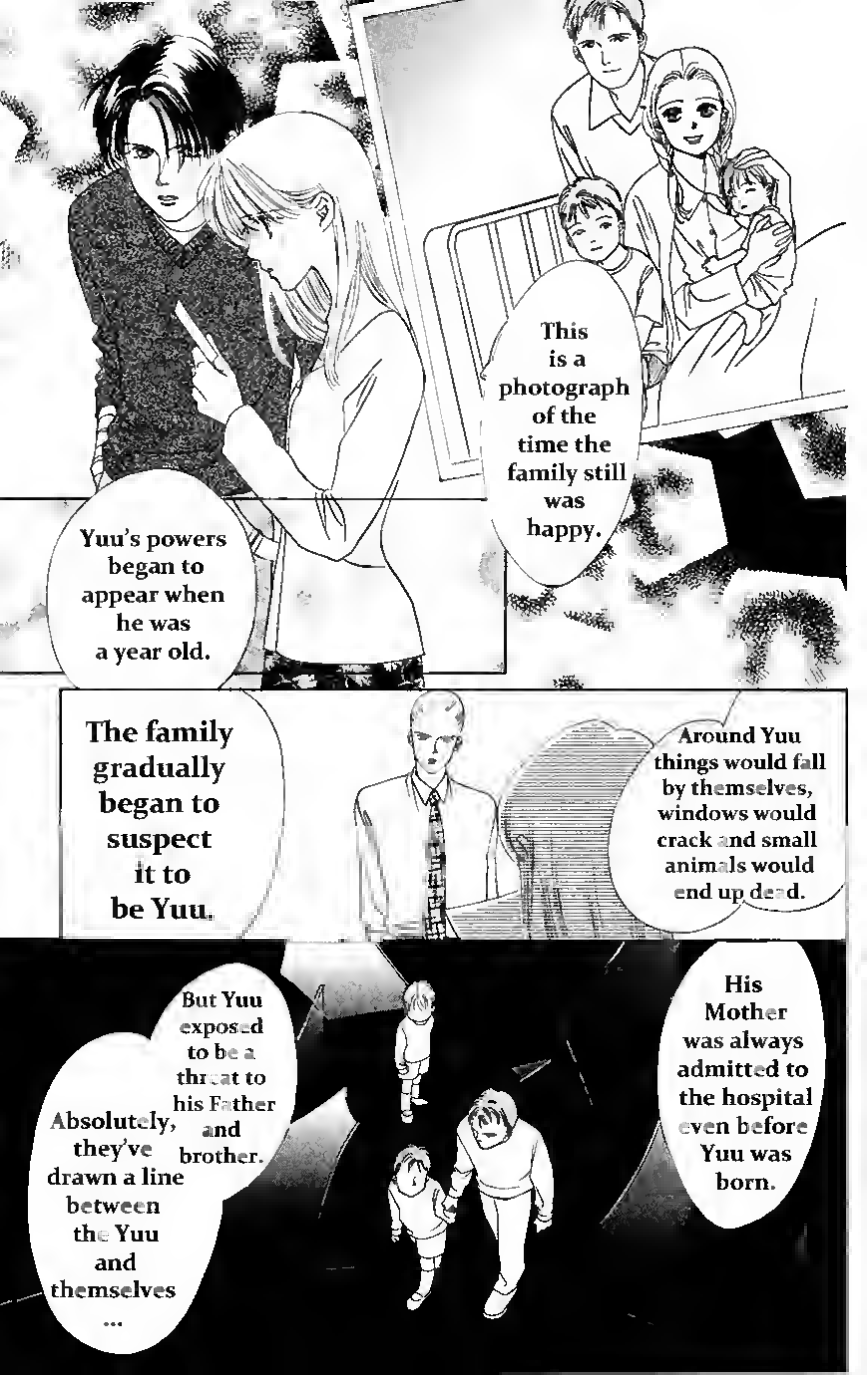
I don't think you got hurt to bad.

Up until now Yuu's been somewhat been killing.
This kind of red Esp powers is violent.
Yuu was really unstoppable when he was in his murderous intentions.
Yuu change of tone, must because he felt his Mother's accident.

A little while ago Yuu's Mother died in heart surgery.
'slides'
This is Yuu's Mother Shibata Yoshiko-san.
This is also his Father and brother.



This is a photograph of the time the family still was happy.
Yuu's powers began to appear when he was a year old.
The family gradually began to suspect it to be Yuu.
Around Yuu things would fall by themselves, windows would crack and small animals would end up dead.
His Mother was always admitted to the hospital even before Yuu was born.
But Yuu exposed to be a threat to his Father and brother.
Absolutely, they've drawn a line between the Yuu and themselves ...

Yuu was growing up he couldn't understand the strength of his own power.
That's for sure.
It's just that it's rather lonely being born to a home where you don't receive any or at all protection.
In this world,
Yuu is filled with loneliness from not seeing his one and only Mother.
That's why Yuu is losing but now doesn't have a reason to remain stable anymore.

From this... What would happen?
There are some people who do not wish to live after they lose a loved one.
Losing someone whose valued deep in Yuu's heart.
Yuu would rather want himself be the one that's dead.
His will is broken.
What's happened to Yuu-kun?

The heart will break if you don't wish to support it.
Such a...
However Yuu would barely understand,
What the real meaning of death is,
that no matter what you won't see.

Not even now compared to the seriousness of what Minami-san is having.
Shin told me about you being pregnant.

What are you going to do about school?
Until the end of this year I'll go, But next year I'll take leave of absence.
Even If it takes me many more years, I want to graduate.

It will be hard for you to live, If Shin's life span is shortened.

Can you continue to live even If Shin is dead?
Even though you know about it, will you be able to live without Shin.

I will continue to live.
Yes.
Even If something happens I won't have any regret.
I will still chose Kunimi-kun.
Kunimi-kun and I both.
I don't see my future with any other person.

Kunimi-sensei
I've also been thinking,would you be able to live if you lost your wife all over again?
I stayed alive to just rather say I have been living.
In this blood and in this body.
...No.
I've said something wrong.

Simply we are not allowed to die that easy.
I'm going back to the Lab.
Also Minai-san the following class of ours will be delayed.

That If you aren't loved any-more.
You'll be thrown away again.
I'm I right?

You have the power.
Any wishes can be granted.
The things I want you to do with your hands.
Is to erase a nuisance.

We are pregnant ...
I was told that It was good thing I noticed it ....
Let's do our best!
Good.

Let's do our best.
When finding out about being pregnant,
It was Yuu-kun who noticed first about it.

But be didn't look very stable but uneasy.
Kokoro are you still confident?
Do you have confidence in yourself that you won't discriminate against Yuu from our own child...
Since Yuu isn't connected by blood.

I was blessed with a cute child like Yuu-kun without even having to give birth.
It's okay. Even though we aren't connected by blood Kunimi-kun, I still love him.
And we've became family.
I've become a happy Mom, but that's not always common

Strange

Now there is warm and pleasant feeling.

And though I was too scared.

We will be able to walk together.

No matter how dark the proceeding future is.
